Commissioner of Patents and Trademarks
Washington, DC 20231

RESPONSE TO ACTION DATED MAY 17, 1996

Please amend the claims as follows:

1. (Amended) A system for use with a product,
comprising
a user interface which is associated with the product
and enables local bi-directional communication, between a user of
the product and the product, of local information concerning use
of the product,
a triggering mechanism arranged to trigger interactive
collection of information from a user via the user interface, at
times that are based on the local information concerning use of
the product,
product information which is related to the local
information and is communicated between the product and a remote
party other than the user, and
means [for] for taking action with respect to the
product or the user interface based on the product information.

3. (Amended) The system of claim 1 further comprising

Date of Deposit

11-18-96

I hereby certify under 37 CFR 1.8(a) that this correspondence
is being deposited with the United States Postal Service as
first class mail with sufficient postage on the date indicated
above and is addressed to the Commissioner of Patents and
Trademarks, Washington, D.C. 20231.
